MEMORANDUM FOR [REDACTED]

1. I had a telephone call from Leon Moore who told me that the "Litvinov Memoirs." which he described as a complete fake, were shortly to be published in the USA by William Morrow and Co. and also in England by some publishing house. He seemed to be confident as to who is the fabricator of the memoirs and feels that it is a great pity they will be published here. *file*

2. [REDACTED]
